

Commenced trading on March 8, 2021, SPC Nickel Corp is a new, Canadian public corporation focused on exploring for Ni-Cu-PGMs within the world class Sudbury Mining Camp

Map of our Prospective Projects

Aer-Kidd

- Positioned between two world class assets (Vale’s Totten Mine and KGHM’s Victoria Deposit)
- 15k-20k meter drill campaign planned

Lockerby East

- Property hosts 2 deposits: LKE and West Graham
- West Graham is a large near-surface lower-grade deposit. (71.5m @ 0.51% Ni, 0.34% Cu)
- Opportunity to make a significant discovery

Sudbury Basin – World’s 2nd Largest Nickel Mining Camp

World Class Ni-Cu-PGM Camp

Camp has generated \$280B in production value

Productive Camp

Since discovery, 11.1 Mt of Ni and 10.8 Mt of Cu have been mined

High-Grade Deposits

High-grade, high-tenor ores occur along the contact of the basin, within the footwall and associated with radial and concentric offset dykes

Infrastructure

World-class mining infrastructure with 2 active mills and 2 smelters (Vale and Glencore)

Discovery and Development

Since 2012, in excess of \$6.0B has been invested in the camp

Capital Structure

Outstanding shares	102.1 million
Warrants & Options	9.5 million
Fully Diluted	111.6 million
Share Price (Dec 3, 2020 financing)	\$0.20
Market Cap	~\$22.1 million
Cash (Dec 3, 2020)	~ \$8.7 million
